FEBRUARY MONTHLY UPDATE

Visit the GBV AoR

Dear GBV AoR Members,

The AoR has been very busy this year as we are heavily engaged in the development of our GBV AoR Strategy and Work Plan for 2018-2020. We held a Core Member Meeting on the 30 of Jan to the 1 of Feb with 44 participants including 20 Core Members, Cluster Representatives, Task Team and Reference Group Leads and donors. The focus of the meeting was the validation of the findings from the Strategy consultations and working on the Standard Operating Procedures and the Work Plan. The Meeting was very productive and we are excited about finalizing the Strategy at the end of March 2018. Summaries of all of the consultations, including the Portugal and Dakar Consultations will be posted on the AoR Website.

Please forgive us for missing the GBV AoR Monthly Calls in January and February. We will resume the last Tuesday the 27 of March at 3:30, the usual time. We are trying a new format for the GBV AoR Monthly. We look forward to your feedback!

Best wishes,
The Coordination Team

CORE MEMBER RESEARCH

SEXUAL HARASSMENT, ABUSE & EXPLOITATION IN THE AID SECTOR

Using real stories of 29 aid workers from around the world and the authors own stories from her 10+ years in the sector this research finds that GBV, perpetrated by humanitarian actors, is condoned, covered-up, and replicated throughout the entire aid sector. Abuse of power and privilege has become a daily reality for women working in the sector, and for the women and girls it serves.
